Demon Hunts Oct 30 2022 Seattle police detective Joanne Walker started the year mostly dead, and she's ending it trying not to be consumed by evil. Literally. She's proven she can handle the gods and the walking dead. But a cannibalistic serial killer? That's more than even she bargained for. What's worse, the brutal demon can only be tracked one way. If Joanne is to stop its campaign of terror, she'll have to hunt it where it lives: the Lower World, a shamanistic plane of magic and spirits. Trouble is, Joanne's skills are no match for the dangers she's about to face—and her on-the-job training could prove fatal to the people she's sworn to protect....

The Monsanto Papers Nov 30 2022 Lee Johnson was a man with simple dreams. All he wanted was a steady job and a nice home for his wife and children, something better than the hard life he knew growing up. He never imagined that he would become the face of a David-and-Goliath showdown against one of the world's most powerful corporate giants. But a workplace accident left Lee doused in a toxic chemical and facing a deadly cancer that turned his life upside down. In 2018, the world watched as Lee was thrust to the forefront of one the most dramatic legal battles in recent history. The Monsanto Papers is the inside story of Lee Johnson's landmark lawsuit against Monsanto. For Lee, the case was a race against the clock, with doctors predicting he wouldn't survive long enough to take the witness stand. For the eclectic band of young, ambitious lawyers representing him, it was a matter of professional pride and personal risk, with millions of dollars and hard-earned reputations on the line. For the public at large, the lawsuit presented a question of corporate accountability. With enough money and influence, could a company endanger its customers, hide evidence, manipulate regulators, and get away with it all—for decades? Readers will be astounded by the depth of corruption uncovered, captivated by the shocking twists, and moved by Lee's quiet determination to see justice served. With gripping narrative force that reads like fiction, The Monsanto Papers takes readers behind the scenes of a grueling legal battle, pulling back the curtain on the frailties of the American court system and the lengths to which lawyers will go to fight corporate wrongdoing.

The Body Papers Sep 28 2022 Winner of The Restless Books Prize for New Immigrant Writing “Grace Talusan writes eloquently about the most unsayable things: the deep gravitational pull of family, the complexity of navigating identity as an immigrant, and the ways we move forward even as we carry our traumas with us. Equal parts compassion and confession, The Body Papers is a stunning work by a powerful new writer who—like the best memoirists—transcends the personal to speak on a universal level.” —Celeste Ng, author of Everything I Never Told You and Little Fires Everywhere Born in the Philippines, young Grace Talusan moves with her family to a New England suburb in the 1970s. At school, she confronts racism as one of the few kids with a brown face. At home, the confusion is worse: her grandfather’s nightly visits to her room leave her hurt and terrified, and she learns to build a protective wall of silence that maps onto the larger silence practiced by her Catholic Filipino family. Talusan learns as a teenager that her family’s legal status in the country has always hung by a thread—for a time, they were “illegal.” Family, she’s told, must be put first. The abuse and trauma Talusan suffers as a child affects all her relationships, her mental health, and her relationship with her own body. Later, she learns that her family history is threaded with violence and abuse. And she discovers another devastating family thread: cancer. In her thirties, Talusan must decide whether to undergo preventive surgeries to remove her breasts and ovaries. Despite all this, she finds love, and success as a teacher. On a fellowship, Talusan and her husband return to the Philippines, where she revisits her family’s ancestral home and tries to reclaim a lost piece of herself. Not every family legacy is destructive. From her parents, Talusan has learned to tell stories in order to continue. The generosity of spirit and literary acuity of this debut memoir are a testament to her determination and resilience. In excavating such abuse and trauma, and supplementing her story with government documents, medical records, and family photos, Talusan gives voice to unspeakable experience, and shines a light of hope into the darkness.

Placing Papers Aug 23 2019 The sale of authors' papers to archives has become big news, with collections from James Baldwin and Arthur Miller fetching record-breaking sums in recent years. Amy Hildreth Chen offers the history of how this multimillion dollar business developed from the mid-twentieth century onward and considers what impact authors, literary agents, curators, archivists, and others have had on this burgeoning economy. The market for contemporary authors' archives began when research libraries needed to cheaply provide primary sources for the swelling number of students and faculty following World War II. Demand soon grew, and while writers and their families found new opportunities to make money, so too did book dealers and literary agents with the foresight to pivot their businesses to serve living authors. Public interest surrounding celebrity writers had exploded by the late twentieth century, and as Placing Papers illustrates, even the best funded institutions were forced to contend with the facts that acquiring contemporary literary archives had become cost prohibitive and increasingly competitive.

Fair and Unfair Trials in the British Isles, 1800-1940 Jul 27 2022 Adopting a microhistory approach, Fair and Unfair Trials in the British Isles, 1800-1940 provides an in-depth examination of the evolution of the modern justice system. Drawing upon criminal cases and trials from England, Scotland, and Ireland, the book examines the errors, procedural systems, and the ways in which adverse influences of social and cultural forces impacted upon individual instances of justice. The book investigates several case studies of both justice and injustice which prompted the development of forensic toxicology, the implementation of state propaganda and an increased interest in press sensationalism. One such case study considers the trial of William Sheen, who was prosecuted and later acquitted of the murder of his infant child at the Old Baily in 1827, an extraordinary miscarriage of justice that prompted outrage amongst the general public. Other case studies include trials for treason, theft, obscenity and blasphemy. Nash and Kilday root each of these cases within their relevant historical, cultural, and political contexts, highlighting changing attitudes to popular culture, public criticism, protest and activism as significant factors in the transformation of the criminal trial and the British judicial system as a whole. Drawing upon a wealth of primary sources, including legal records, newspaper articles and photographs, this book provides a unique insight into the evolution of modern criminal justice in Britain.

The Billboard Papers Jan 01 2023 "This collection of 28 oversize photographs transforms ordinary advertising posters into richly layered tapestries." - The New York Times The *Billboard Papers* is the fourth book of photography by award-winning screen and stage actor Joel Grey. Twenty-eight full-color photographs of various torn and decaying billboards from the streets of New York resemble paper collages, revealing the strange and unexpected layers of billboards past. Grey's striking photographs are of tapestries of embedded memories - constantly fleeting and subject to change, or demolition, or renewal. This unique collection, designed by Sam Shahid, features an introduction by Grey and a preface by American artist Ross Bleckner; it is published in a limited edition of 600 numbered copies.

The Speedicut Papers: Book 1 (1821-1848) May 25 2022 The *Speedicut Papers* recounts in very frank detail the life, loves, and adventures of Jasper Speedicutcharmer, sexual libertine, reluctant hero, and friend of the self-styled brigadier general Sir Harry Flashman, VC. Comprising a nine-volume series of linked adventures and anecdotes in memoir format, *The Speedicut Papers* lifts the lid from a veritable cesspit of Victorian and Edwardian upper-class debauchery that makes *Downton Abbey* look like a vicarage tea party. It is also a unique account of Speedicut's involvement in some of the greatest and also some long-forgotten events in the British Empire and beyond during the period of 1821-1915. In *Flashman's Secret*, the first volume of the saga, Speedicut throws a searchlight onto some very murky corners of the nineteenth century, including the early careers of the notorious courtesan, Lola Montez, and the demon barber of Fleet Street, Sweeney Todd. New insights are also provided into the formation of the IRA, the first Anglo-Afghan War, and the dubious acquisition by the British crown of the Koh-i-Noor diamond. If this were not enough, *Flashman's Secret* also reveals Nelson's actual last words and the existence of a sinister and murderous secret society at the heart of the British establishment.
